

Mitigation for Emergency Managers (G-393)

Camp Murray, WA—August 13-15, 2013

COURSE GOALS

- Motivate participants to create safer communities by addressing and mitigating hazards.
- Explore the important roles of the emergency program manager in mitigation – motivator, coordinator, and monitor.
- Enable participants to carry out mitigation responsibilities in accordance with applicable regulations and standards.

COURSE OBJECTIVES

At the completion of this course, students should be able to:

- Analyze reasons for differences between optimal and actual mitigation roles of the emergency program manager.
- Determine strategies to build support for mitigation planning in the community.
- Analyze hazard risks for a given scenario.
- Propose a mitigation strategy for a particular hazard.
- Develop a mitigation plan implementation strategy for a given scenarios.
- Evaluate the effectiveness of a community's mitigation planning efforts.
- Recommend actions to optimize the mitigation role of the emergency program manager.

TARGET AUDIENCE

This course is designed for local and state government emergency program managers, other emergency management staff, and other local government employees responsible for mitigation. The secondary audience includes those pursuing courses in the Advanced Professional Series.

BRING TO CLASS

Your community's mitigation plan, if available. If not available or incomplete, bring your community's hazard analysis or any other parts of the mitigation plan that may be complete.

It's **recommended** that participants complete *IS-393.a Introduction to Hazard Mitigation* prior to the course.
